Machine Learning

¿Como se aprende en Machine Learning?

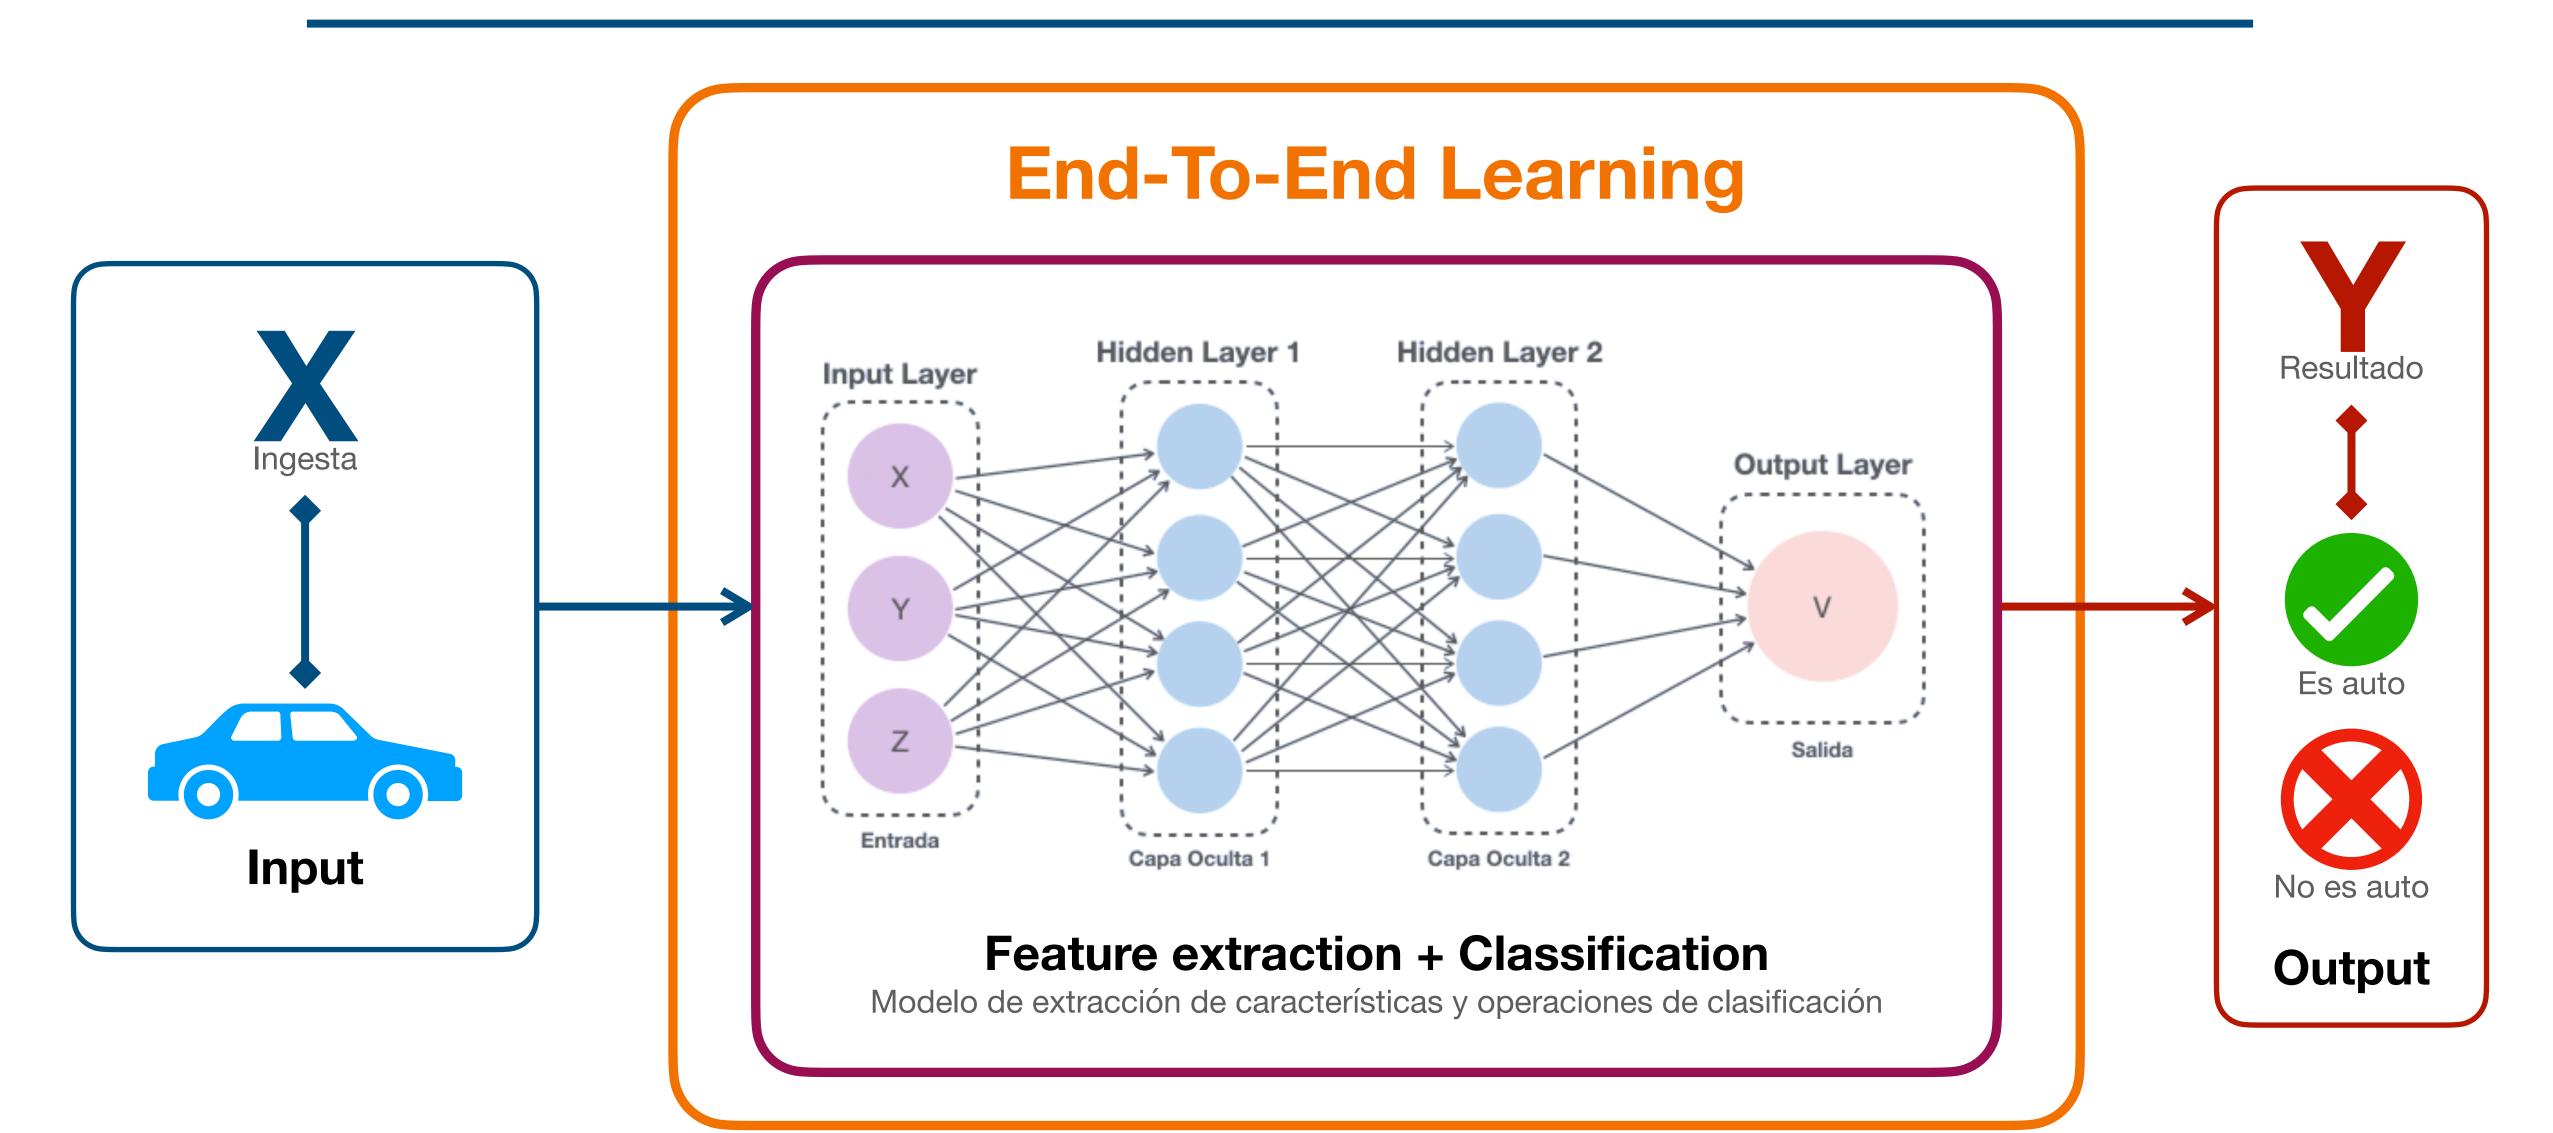

End-To-End Learning

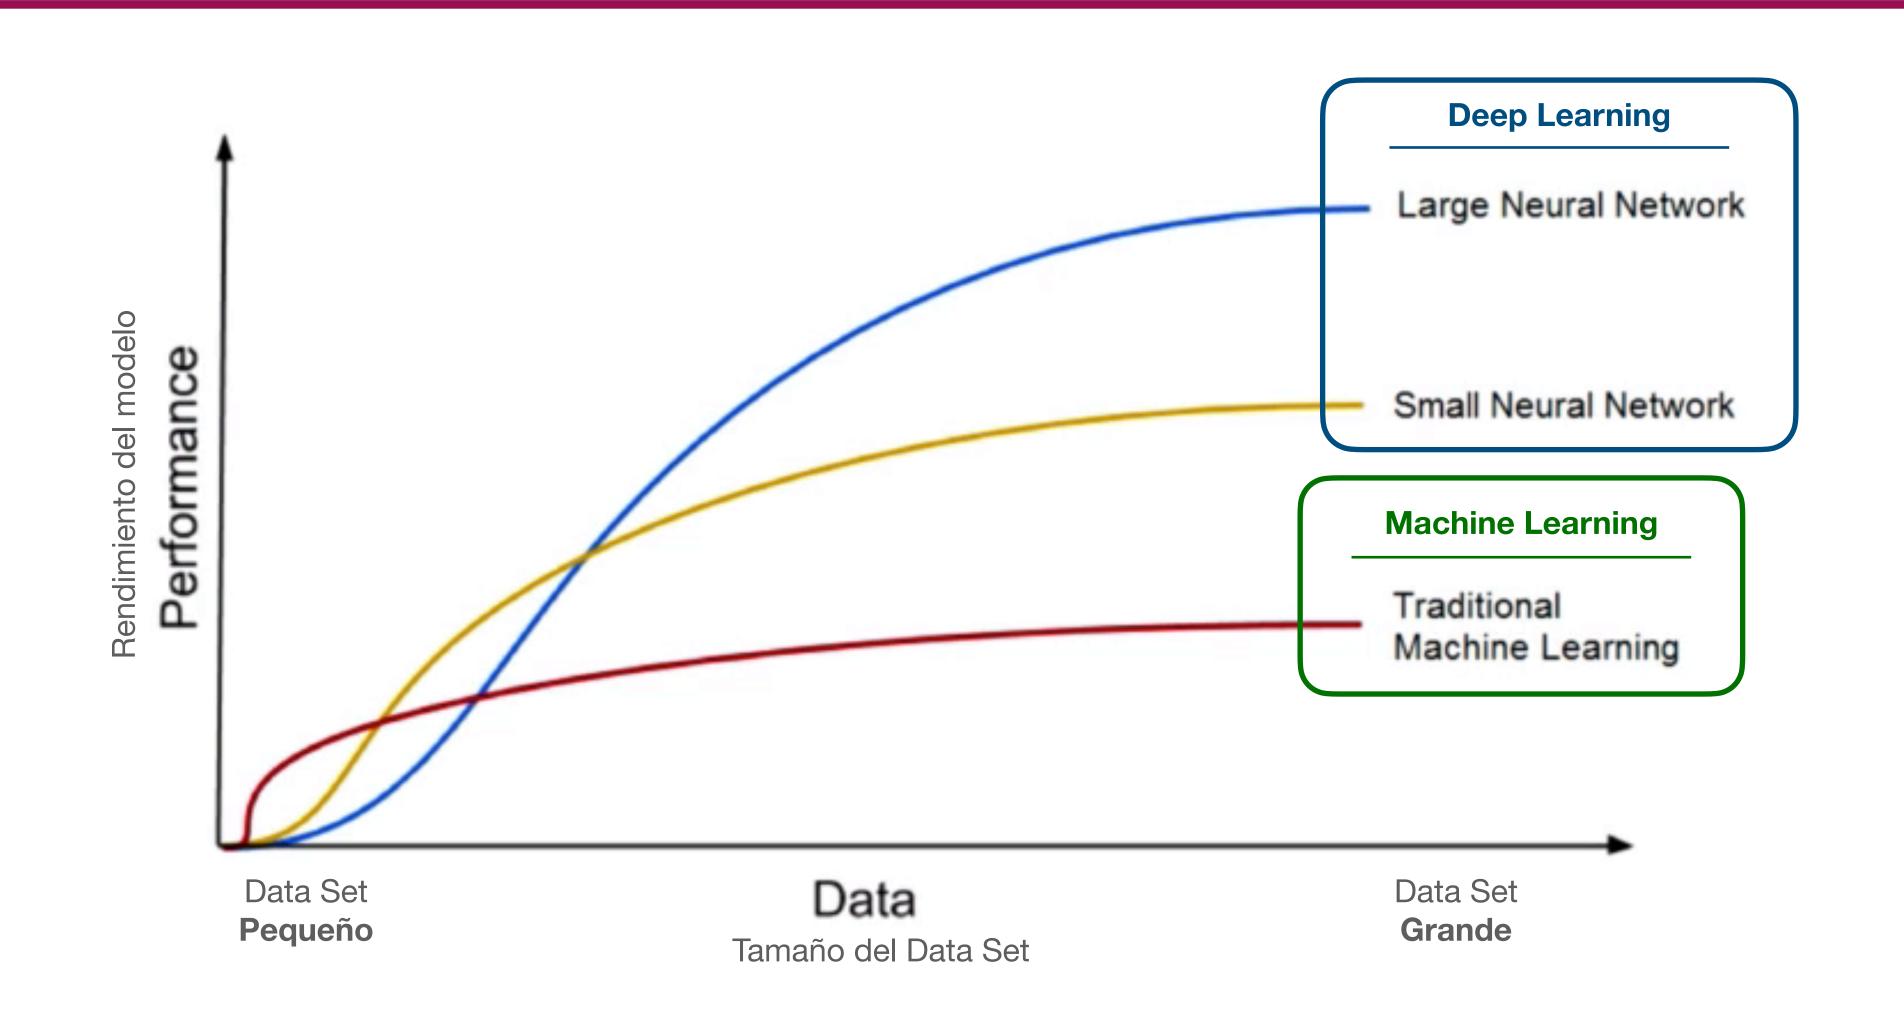

Deep Learning

¿Como se aprende en Deep Learning?

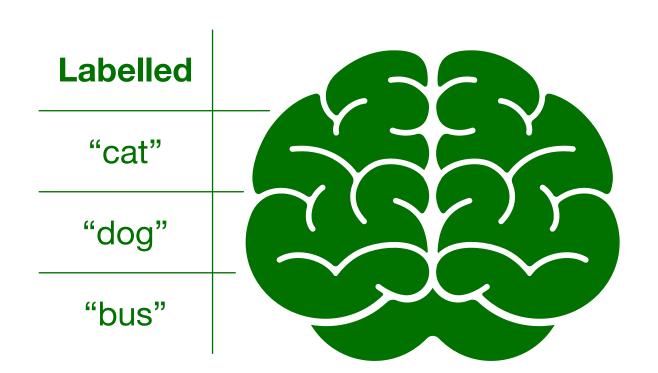

Rendimiento del Modelo según tamaño del Data Set

Learning Types

Supervised

Entrenar un Modelo con Datos Etiquetados

Dato de Entrada con Salida Definida

Regression

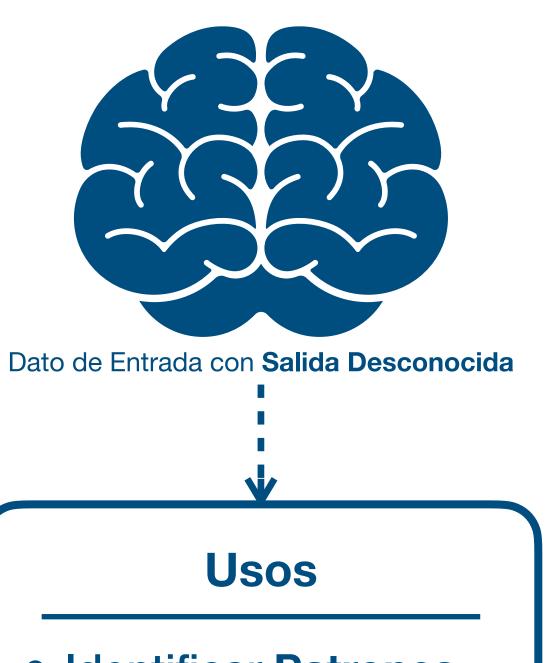

- Predecir 'Y' a partir de 'X'.
- Rango 'amplio' de datos.

Classification

- PredecirCategoria/Clase.
- Rango 'acotado' de datos.

Unsupervised

Entrenar un Modelo con Datos Inciertos (inéditos)

- Identificar Patrones.
- Identificar Categorias.

Data Sets grandes
